

# FESTIVAL

Machine Presentation

# HIGHLIGHTS

- Festival can offer a wider selection of products - particularly fresh food - to a high standard around the clock:
- A choice of fresh food, snacks and cold drinks
- An appealing and contemporary user interface
- Advanced features for managing the machine
- High reliability and easy maintenance
- Flexible: able to dispense a wide range of products including plated meals, fresh fruit and packaged drinks

# DESIGN

- LED lit front panel for a cleaner appearance
- User friendly features include backlit shopper button and clear pricing screens
- New aesthetics allowing the Festival to be banked with the Canto and Samba
- Flashing LED light path guiding the user to the next step (insert cash/card, make selection, take product, take change)

# USER INTERFACE

Clear blue price display

10 line graphical display

- Opportunity to install up to 3 payment systems at once

Aluminium design, suitable for all environments

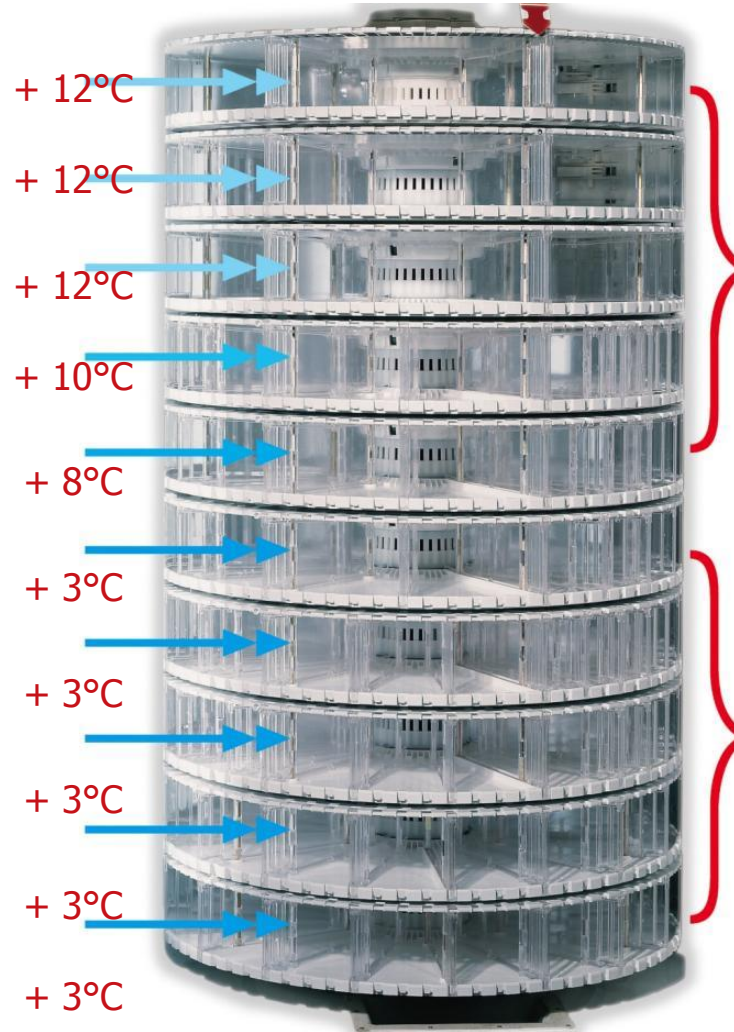

## UK SPECIFICATION

- Products are housed in 8 or 10 rotating drums
- Each drum comprises of between 6 to 36 segments. Each segment has a depth of 280mm.
- There is the flexibility to offer small snacks and up to 9 inch plated meal
- Up to 40 different prices

# UK SPECIFICATION

The temperature layout can be set according to the requirements of the site or location

# DIMENSIONS

Height  
1830mm

Weight 320 Kg

Width 850mm

Depth with door  
open 1630mm

Depth 895mm

## OPERATING & MAINTENANCE

- Festival is easy to operate thanks to some simple and useful features:
- Each disk is loaded one product at a time through the delivery area with the door closed, retaining a cool temperature and saving time and energy
- The compartments size on each disk can be modified quickly and without any tool, so products can be quickly changed according to customer requirements
- The machine will still operate if one or more drums have been removed (for cleaning or repair) or are out of order
- The flat surfaces of the user interface are easy to clean
- The cooling unit is an easy slide-in /slide-out module
- The software menu is simple; making engineer visits quicker and easier

# INNOVATIONS

Festival's highly efficient energy features include:

- Low power consumption LED lighting
- High efficiency cooling unit
- Highly insulated cabinet
- Energy Saving Management option in the software

# ENERGY CONSUMPTION

Performance	Starfood	Festival
<b>Max environmental condition</b>	34° C – 65% R.H.	34° C – 65% R.H.
<b>Minimum achievable temperature</b>	3° C	3° C
<b>Layout</b>	100% FOOD 2 TEMPERATURES SNACK + FOOD	100% FOOD 2 TEMPERATURES SNACK + FOOD
<b>Energy consumption</b>	505 Wh/h	<b>241 Wh/h</b> <b>-52% saving vs Starfood</b>

Based on an average commercial electricity rate of 0.14p per KWh the annual electricity costs would be :

Starfood = £620.00 per annum

Festival = £ 295.00 per annum

The Festival therefore represents an annual saving of £ 325.00 on the cost of electricity used

# ACCESSORIES

All available accessories can also be used for the Festival:

Accessory	Code
Cash box lid + key	963105
Kit jack connector	964155
Irda kit	963122
Anti vandal coin introduction kit	962521

# COMPARISONS

## FESTIVAL

- Environmentally friendly LED lighting and high efficiency cooler (A+ rated)
- Up to 40 different prices
- 241Wh/H power consumption
- Intelligent loading (quick & easy option reducing temperature drop)
- Number of compartments per drum: 6,12,18,24,36
- Variable temperature zones
- Each drum can be set to a time zone (e.g. only available between 1am – 7am) and be removed for cleaning without interfering with operation
- Slide in/Slide out fridge for easy access

## STARFOOD

- 2 x 36W amps for lighting (B rated)
- 1 price per drum
- 505 Wh/H power consumption
- Intelligent loading (quick & easy option reducing temperature drop)
- Number of compartments per drum: 6,12,18,24,36
- Variable temperature control: 2C – 15C
- Each drum can be set to a time zone (only available between 1am – 7am and removed for cleaning without interfering with operation)
- Slide in/Slide out fridge for easy access
