

KORINTO PRIME

Machine Presentation

HIGHLIGHTS

- Elegant, stylish and compact design
- Machine illuminated by blue LED lighting
- 8 touch sensitive selection buttons offering a wide choice of drinks options
- Available as plumbed model only but is compatible with a pump and tank kit
- 7oz drink size as default with a 'Go Large' button available as option to preselect for a larger drink size, which replaces one of the 8 selections
- Suitable for locations up to 150 drinks a day (receptions, meeting rooms, board rooms etc)
- Easy to maintain thanks to colour coded internal parts
- Uses USB for uploading and downloading settings and software files

CAPACITY

THE RANGE

Korinto is a welcome addition to N&W's already established Ho.Re.ca range. This is how the machine fits in with our other machines:
