

# MAESTRO DIRECT SELECTION

Product Presentation

# Maestro Direct Selection

- Elegant design: Maestro leads the way in hot drinks vending
  - The latest technology and operational efficiency:
    - Powerful software platform
    - Streamlined internal layout and synergy across the Necta range
    - 18 LED illuminated direct selection buttons (plus 4 pre-selections)
  - The best consumer experience:
    - Intuitive to use
    - Delivers cutting-edge performance across a wide choice of drinks

# Highlights

- Same electronics and software platform as Canto making it familiar for operators
- Z4000 for Espresso + Tea brewer for Freshly brewed tea
- Large colour TFT display for improved visibility
- Compatible with Exec and MDB protocols
- Pairs elegantly with Necta's Orchestra or Festival machines & fits neatly into many different environments

# Modern & Attractive Design

- Black door, dark grey cabinet
- Door profiles in anodised aluminium with diamond effect incision
- Wide delivery area
- Perfect match with Orchestra range

# Operational Efficiencies

- Colour coded internal parts for ease of maintenance and operation
- Z4000 espresso unit is easy to remove
- Coffee brewer: 14.5g coffee capacity – only one shot needed to create 12oz drinks
- Tea brewer: Uses 40% less tea to make the drink, saving costs on ingredients
- Pre and post selection software available

# Instant FREEMIX Technology

- Newly designed mixers and adjustable ingredient motors
- Speed can be customised according to individual needs (quality vs speed): powder flow, speed mixing
- Greater flexibility in drink creation
- Easier to remove and clean

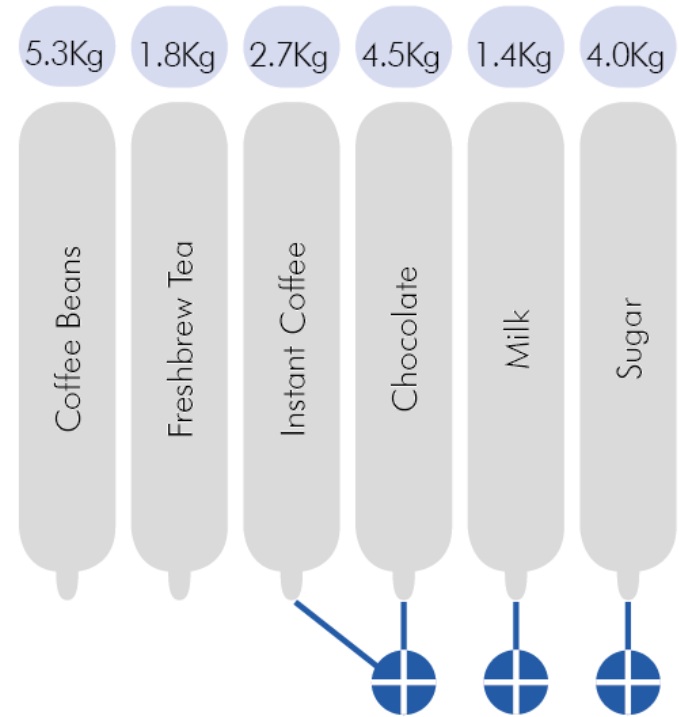

# Specifications

PRODUCT CODE	Maestro Direct Selection ESFB - 12 oz Cup: 962461
	Maestro Direct Selection ESFB - 9 oz Cup: 962461-1
Cups capacity	350 (12 oz), 450 (9 oz)
User interface	Direct Selection buttons
Selections	18
Number canisters	6
Coffee brewer	Z4000
Number boilers	2
Protocol	Executive - MDB

Height	1830mm
Width	650mm
Depth	760mm
Depth open	1320mm
Weight	176kg
Voltage	230V
Max power consumption	2500W
Frequency	50 Hz

# The Best Mechanical Layout

- Brewers:
  - Z4000 for Espresso + Tea brewer for Freshbrew tea
  - Z4000 = 14.5g max capacity
